Sirs.-As per your adv. in A.N.A. please advise me whole sale prices
on Books N.Eng. State coinage.

Thanking you for this favor & awaiting your futher orders, I am,
Yours very truly,

October 25th, 1920.

Norman Schultz, Numismatist,
King City,
Missouri.

Dear Sir:-

I have your letter of the 21st instant requesting price on "New England State Coinage". Owing to some error on the part of the printer the retail price is quoted in the Numismatist as \$3.50 instead of \$3.00 as it should be. I should be glad to supply you with copies of this in lots of five or more at \$2.25 per copy.

The work is really an important one and is destined to become the standard book treating of the copper coins issued by the states of Vermont, Massachusetts and Connecticut before the establishment of the Federal Mint.

Hoping to receive an order from you, I am,

Yours very truly,

Assistant to Curator.

Mr. Norman Schultz,
King City,
Missouri.

Dear Sir:-

The American Numismatic Society has not published anything on Store Cards, but Wayte Raymond, 489 Park Avenue, New York City, published a short time ago Mr. Adams' list of the store cards of the Civil War period, and I presume you could secure copies of this direct from Mr. Raymond.

Very truly yours,

Assistant to Curator.
